Meeting statement

6/3/2010

Notes from the LL2231 meeting on 5/2/2010, Next meeting will be on Sunday June 6, 2010 Chief Pestana is still working on hiring 10 PART-TIME Escort officers ONLY: These officers will be part of our local and will be on the day shift They are PART-TIME/ESCORT officers only, As a part time employee they are not allowed to exceed 1000 hours in a 12 month period. John Fox will be visiting the Service Center back east in North Carolina in the first week of May 2010. If you have an issue with the Service Center please bring them up with your Steward or our area union rep John Fox he would like to clear up these issues for you. John will have his report about this visit at the Union meeting on June 6, 2010. John Fox reported that he went to the National Staff Conference in Texas in the week of April 26 – 29, 2010, he reports that the conference revealed that we have lost a large number of members and when that happens we get so small to sustain ourselves so we begin to merge with each other and when that happens we could possibly end up with one district lodge in the whole state of California. And this is not a good thing because it decreases the strength of our union as a whole, and could have an effect when we negotiate with our companies. John also reminded us that the Grand Lodge Convention will be held in Toronto Canada in 2012 and if you are planning to attend the convention you will need a passport, due to the border crossing rules between the United States and Canada have changed Canada now requires a passport to cross over there border into Canada. John suggested that you get an early start on getting your passport because quite often it takes a long time to process yourself for a new passport. John also told us that the main body is hiring at this time, and are gearing up for contract

negotiations and we will be after them. If you have something that is important to you for our contract negotiations please join us by giving that information as early as possible because we are planning an early start in our preparations for our contract negotiations. As a reminder it is important to make sure you have access to the areas that you're going to be working in. contact the security rep for that area and ask him/her to put you in the ACAS System for the area. If you have any problems bring it up to your Steward or the Chief and they might be able to help you. At the 5/2/2010 meet the subjects covered were as follows. Officers have submitted letters of concern pertaining to the safety issue on the west gate, drivers speeding up to and through the West gate this has been a safety issue for a while and is under investigation by Safety at this time. Feel free to email Mike Meeuwissen with any safety concerns that you feel needs addressed. Some officers have concerns and questions about truck Inspection having only one officer, if you have concerns and questions call dispatch and the Duty Captain for Clarification. The latest report on the lunch meal case from our Lawyer David Rosenfeld is that the Judge made a preliminary decision that we won the case and it was sent forward to be calculated and it should October or November before that process is completed. Lorraine Monighetti brought some great bagels and donuts and Gina Meeuwissen made the Coffee to go with the bagels and do nuts. Thank you Lorraine and Gina, great Job. Stewards Report; Day Shift: Nothing to Report Swing Shift: Nothing to Report Grave Shift: Nothing to Report Presidents Report, the LL2231 Micro site is now up and running, you will see our Union reports and other Union business on this site. The way you get on the site is by starting at [HTTP://LL2231.goiam.org](http://LL2231.goiam.org) and you can begin to negotiate through the site. If you have any problems or have any questions pertaining to the use of our Micro Site feel free to contact our website Steward David Reviere @ Local2231@gmail.com and he will help you. A motion was made seconded and passed to move forward on the use of our new micro web site. Good and Welfare: The following Security Officers are out on disability for medical reasons. Mac Escamilla, Jose Cruz, Wayne Drybrae, Shellie Taylor, Derrick Kibler, Lachanda Hudgins, Lee Knox If you have any question as to the status of the above listed Officers Ask your Vice President Randy Dao or your shift Steward. Targeted for Layoff LLodge 2228

6/27/2010

WARN NOTICE SENT TO THE LODGE FROM THE COMPANY

10 members of this lodge from the facilities group were targeted for layoff under the provisions of the WARN act received by the local lodge on 5/27/10. The employees, if not placed or retrained for another classification within 60 days of receipt of the notice, will be subject to layoff.

As concerned members, we do not like the idea of our brothers and sisters being laid off while out side contractors, it would appear, are doing their work. it is up to us to document what we see and turn this information over to the Union Hall. This evidence can then be used against the company thru the grievance process... who knows who might be next if we don't stick together... we know that the company has plenty of work for employees trained in those affected classifications.enough for out side contractors it seems.

And to those brothers & sisters in those affected groups.. my opinion is that you file grievances when you feel that it is appropriate to do so. we will be here to assist.
